Katie

I got Wenke to give me your name under the pretext of helping him out. Most of us in here have seen the website, which is hilarious by the way, and we want to add to it. Around the end of April/early May, Luke was attacked by a big-out named Derrick Van Epps, who was recently found guilty of a vicious assault/hate crime in Perinton, NY. All we could hear/see because it was in Luke's cell, was Luke getting his face bashed against a sink while screaming "What did I do!?" and "Why me!?". It was pretty gruesome, there was blood and teeth left in the cell, but also hilarious b/c of how he yelled it and the fact Derrick casually walked away and later told him Jesus told him to do it. We've been reciting posts like "Wenke loves his Mommy" and telling him that this is Wenkeville now. LOL! If you want to reach back out to me I'll probably be in prison somewhere else in the state when you get this. You can find me thru the NYS DOCCS inmate look-up, my DIN # is [REDACTED]. You can Google my name [REDACTED] Rochester NY and find a pic of me from the news. Sincerely, [REDACTED]
